Dear Mrs. Skinner:

On November 9, 1987, Mr. Allen Blevens, with the Butler County Health Department and I inspected your demolition disposal landfill at 8750 Cincinnati-Dayton Road. I am sorry to report that the landfill has been illegally receiving solid waste as defined by Section 3734.01(E) of the Ohio Revised Code. As you know, your facility is not licensed under the State Solid Waste Disposal Law to accept solid waste. Therefore, you were notified on November 9, 1987 by Mr. Blevens and myself to immediately close your unpermitted, unlicensed solid waste disposal facility.

This investigation into the unpermitted, unlicensed, open dumping of solid waste on your property was conducted pursuant to Section 3734.10 of the Ohio Revised Code.

You are in violation of the following Sections of the Ohio Revised Code:

Section 3734.02(C)

No person shall establish a solid waste facility without submitting an application for a permit with accompanying detail plans, specifications, and information regarding the facility and method of operation and receiving a permit issued by the Director.

Section 3734.03

No person shall dispose of solid wastes by open burning or open dumping except as authorized by the director of environmental protection in regulations adopted in accordance with section 3734.02 of the Revised Code.

Section 3734.05(A)

No person shall operate or maintain a solid waste facility without a license issued by the Board of Health of the health district in which the facility is located.

You are hereby notified to close this unpermitted, unlicensed solid waste disposal site. Any further use of this site as a solid waste disposal facility will result in referral to the Ohio EPA Enforcement Section and to the Butler County Prosecuting Attorney by the Butler County Board of Health.

If you have any questions, please call me.

Sincerely yours,

*M. Joe Moore*
